

En automne, il y a ...

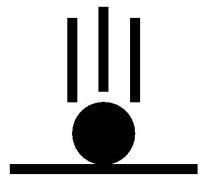

En automne, dans les arbres,

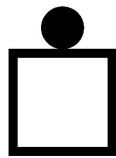

il y a des feuilles rouges, des feuilles orange,

des feuilles jaunes et des feuilles marron.

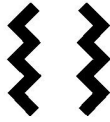

Les feuilles tombent.

On marche sur les feuilles

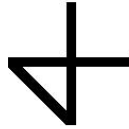

et ça fait du bruit.

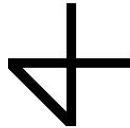

En automne, il fait froid.

On met un manteau.

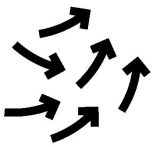

Le manteau est doux et chaud.

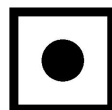

Il y a des nuages et de la pluie.

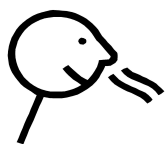

ça mouille.

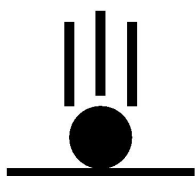

Le vent souffle Ffff Ffff !

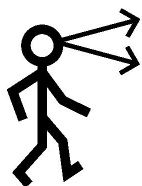

En automne, il y a des champignons dans la forêt.

Les champignons sentent comme de la terre.

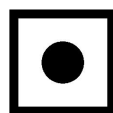

Les marrons tombent des arbres.

Attention, ça pique !

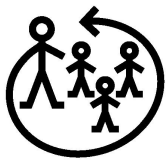

En automne, il y a Halloween.

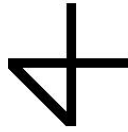

On met des bougies dans des citrouilles.

ça brille !

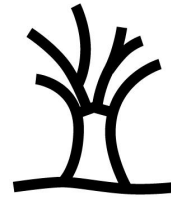

On peut manger des pommes.

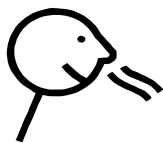

Les pommes c'est bon et sucré.

En automne, les écureuils cachent des noisettes.

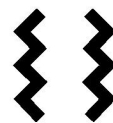

Les écureuils mangent les noisettes en hiver.

Les noisettes sentent bon.

En automne, on peut se promener.

Après, viendra l'hiver et le froid.
