

## MAK'PHRASES – PUZZLE 3 PIECES

Le Mak'phrases puzzle est une adaptation Makaton du jeu "Mes premières phrases" chez Megableu. Les pièces vierges ont été partagées par Elise Montanier sur le groupe Facebook "Création de matériel en orthophonie".

La personne peut jouer seule pour reconstituer chaque phrase (Chaque trait d'orientation des pictogrammes qui constituent une phrase est de la même couleur. Les pièces ne s'assemblent que dans un seul ordre). Un jeu à plusieurs est possible : chacun son tour pioche une pièce et tente de reconstituer une phrase complète.

Le premier qui y arrive à gagner !
